

Shooting Affair at Bloomington, Indiana—Know Nothingism at its Old Tricks.

A shooting affair came off in Bloomington on the 23d inst., which, though happily ending without the spilling of blood, has been the cause of no little excitement and of much talk.

The facts of the case, as we gather them from a private source, are about as follows:

As Mr. A. B. Carlton, one of the editors of the Bloomington News Letter, was returning home from a friend's, where he had been visiting a young lady acquaintance, on the evening of the 22d inst. he was most brutally assaulted by several Know Nothings, the connexion of whom with that secret organization, Mr. C. had previously publicly exposed through the columns of his paper. The darkness of the night was intense, but through it Mr. Carlton barely escaped with his life, from murderous missiles, consisting of large stones and heavy pieces of iron, that were hurled after him by his cowardly assailants.

On the day following Mr. Carlton met a man by the name of Batterson on the street and instantly drew forth a pistol and fired, saying as he did so "there is one of the d—d scoundrels that attempted to assassinate me last night." The ball missed its mark and the object escaped by means of the wonderful use of his legs into an adjoining store. Mr. Carlton was prevented from using a second pistol by the interference of bystanders. He surrendered himself cheerfully to the marshal of the town, and in the investigation of his case was recognized to appear before the Circuit Court under bonds of \$500. We are informed that the public feeling in his behalf was such as brought to him the proffer of bail to the amount of at least \$100,000.—Indiana Sentinel.

Scene Between Gubernatorial Candidates.

Col. Winston and Judge Shortridge, the two gubernatorial candidates in Alabama, came near having a serious personal collision during a discussion a few days ago. Winston, it is stated, in response to an assertion of Shortridge, said, "You are a liar!" Judge Shortridge replied to him—"You are an infamous liar, sir," and as he said this he made his way off the stand toward Winston. As the Judge descended from the stand Winston drew out his pistol. By this time the whole house was thrown into confusion. A large crowd surrounded the combatants, and a general fight was prevented only by the interference of friends.—Cin. Eng.

The issue in Alabama is clearly Anti-Know Nothing (Winston) and Know Nothing (Shortridge). Fights and riots are the sure result in such contests of birth, cast, race and religion. In Oregon the same personal difficulties occurred between the candidates.

In Ohio we are spared these scenes between the gubernatorial candidates, as Mr. Chase has too small an opinion of Know Nothingism to fight about it, and Gov. Medill will run over the track too easy to need a pass at arms or with pistol.

M. & C. R. R.

Mr. Gates, of the Marietta Intelligence, has been on the line of our road for some time past, and thus speaks of the progress of the work:

"A heavy force is now employed on the unfinished portions of the Railroad west of this place, and additional men are hired every day. Rails are now arriving here, and when the track-layers commence putting down iron east from Charleston, another force may commence laying west from this place, and thus the road be opened much earlier than would be possible if track-laying progressed in only one direction. I see no reason to doubt that the road will be running to this place at an earlier period than has been publicly stated, or generally expected.

Between this place and Marietta the work is heavier, and some delay will yet unavoidably result from such an examination of lines as will satisfactorily determine what changes, if any, are desirable in order to secure the opening of the road within the shortest period of time, and at the smallest cost."—Scioto Gazette.

Rail Road Accident.

Last evening about 9 o'clock the train of cars from Cincinnati to this city was thrown off the track about sixteen miles west, and several freight cars broken. A considerable number of persons were in the passenger car and were badly frightened but received no injury. The accident was occasioned by the embankment being washed away by the heavy rains yesterday. The train, by the aid of a new locomotive, reached this city this morning at 5 o'clock.—Ancient Metropolis, 27th ult.

CHARGE OF MURDER.

DAVID YOUNG, the keeper of the notorious El Dorado House, in this city, was bound over yesterday to appear before the next term of the Court of Common Pleas, to answer a charge of murder. A woman by the name of Mary Eagle, deposed that she was boarding with Young in August last, when she saw Young and two other men, named Jocelyn and Red, come up stairs and pull a stranger who had stopped there out of bed; that they took him down stairs back of the bar room; that Jocelyn held his head back while Young cut his throat, and Red was holding him around the waist, and that she heard the blood gurgle from his throat. She said also that Young afterwards spoke of the matter to her, and said that he had killed the man, and that he had got \$180 and a gold watch and chain. Jocelyn has been arrested, and is awaiting an examination.—State Jour.

[From the Campaign Statesman.]

Mr. Editor:—Being desirous of living in accordance with the principles of morality and constitutional liberty, in order to do so I had it necessary to withdraw from the K. N. society, which I was induced to join by the cry of Catholic aggression. But when I became acquainted with the principles thereof, I found it to be nothing more nor less than a secret political party, with requirements which no true American can fulfill without Treason to the Constitution under which he lives. I am opposed to undue foreign influence, but more opposed to being compelled to vote for a man whom I may consider unworthy of a respectable place in our country jail.

I do not give my name at present, but will do so if required, with many more who have withdrawn.

I do not refuse on account of any secret obligation, but because I am ashamed that I ever belonged to any such society.

New Candidate for Governor.

The Cincinnati Commercial says the following is a copy of a document now in circulation in Cincinnati:

"J. Scott Harrison for Governor.—The undersigned, in favor of J. Scott Harrison for Governor of Ohio, and desirous of responding to the call of old Ross, and other counties in Ohio, hereby invite all their fellow citizens of Cincinnati and Hamilton county, who favor such a movement, to meet them in Mass. on the evening of Thursday, August 2, at the Fifth street Market Space, at 8 o'clock.

Please leave this list at the Counting Room of the Daily Times, on Wednesday Morning, before 10 o'clock, A. M."

GREAT FALLING OFF IN POPULATION.

B. F. Angel, Esq., late American Consul at Honolulu, returning to the United States, via China, says, in a letter to the Rochester Union, dated March 25th last, that "the Chinese portion of Shanghai, the boasted great naval city of the middle kingdom," is little more than a mass of ruins, and from three hundred thousand inhabitants, two years ago, it has dwindled down to less than twenty thousand, the effect of the Chinese rebellion." When Shanghai was captured by the Imperialists, aided by the French, a few months ago, fifteen hundred rebels were beheaded during the first three days, and their heads displayed on the walls of the city, making a row a mile in length.

A SINGULAR WAGER.—There is a man living near Sidney, in Shelby county, Ohio, nearly ninety years of age, who has a bet pending with one of his neighbors that he will live to be a hundred years old. The wager is a hundred bushels of corn, and in case either or both should die before the expiration of the hundred years, their heirs are obligated to pay over the required amount.

General Escourt, who died of Cholera before Sebastopol in June last, was the British Commissioner for running our north-eastern boundary line in 1842, 1843 and 1844, in conjunction with the Hon. Albert Smith, Commissioner on behalf of the United States Government. He is spoken of as an accomplished officer and gentleman.

The New York Post has information from Illinois, that the product of wheat in that state is expected to be at least 25,000,000 bushels the present year, which gives a bushel to every inhabitant of the States, young and old. The largest product of Illinois hitherto has been not more than 16,000 bushels.

in McArthur, on Saturday, the 4th day of August, 1855.

For the purpose of considering the manner of appointing Senatorial and Legislative Delegates, and nominating a Democratic County Ticket, &c.

Never, in the history of our beloved country, was there more importance for UNITED ACTION, on the part of true Democrats, than at the present time. Never has your Free Institutions been in more danger of being effaced from your Statute Books, by bigotry and corruption, than at the present time. Never, before, has your Government been threatened to be overturned by Secret Political Oath-bound associations! Then let every Democrat, who values his Liberty, turn out! Eminent Speakers have been invited and will address the Convention.

By order of the Democratic Central Committee. E. A. BRATTON, B. P. HEWITT, Chairman, Secretary.

AYER'S PILLS

Are curing the Sick to an extent never before known of any Medicine.

INVALIDS, READ AND JUDGE FOR YOURSELVES

JULIUS HAUET, Esq., the well known perfumer, of Chestnut street, Philadelphia, whose choice products are sold at almost every outlet, says: "I am happy to say of Ayer's Cathartic Pills, that I have found them a better family medicine for common use than any other within my knowledge. Many of my friends have realized marked benefits from them, and I am inclined to believe that they possess extraordinary virtues for driving out disease and curing the sick. They are not only effective, but safe and pleasant to be taken, qualities which must make them valued by the public, when they are known."

The venerable Chancellor WARDAW, writes from Baltimore, 16th April, 1854:

"Dr. J. C. Ayer—Sir: I have taken your Pills with great benefit. In the last season, I suffered from Bilious headache, which has of late years overtaken me in the spring. A few doses of your Pills cured me. I have used your Cherry Pectoral many years in my family for coughs and colds with unfeigned success. Your Cathartic medicine, which cure, I feel it a pleasure to commend you for the good you have done and are doing."

JOHN F. BEATTY, Esq., Sec. of the Penn. Railroad Co., says:

"Sir: I take pleasure in adding my testimony to the efficacy of your medicines, having derived very material benefit from the use of both your Cathartic and Cherry Pectoral. I am never without them in my family, and I ever consent to be, while my means will procure them."

The widely renowned S. S. STEVENS, M. D., of West-ward, N. H., writes:

"Having used your CATHARTIC PILLS in my practice, I certify from experience, that they are an invaluable purgative. In cases of disordered bowels, of the liver, causing headache, indigestion, constiveness, and the great variety of diseases that follow, they are a sure remedy than any other. In all cases where a purgative is required, I confidently recommend them to the public, as superior to any other I have ever found. They are sure in their operation, and perfectly safe, qualities which make them an invaluable article for public use. I have for many years known your Cherry Pectoral as the best Cough medicine in the world, and these Pills are in no wise inferior to that admirable preparation for the treatment of disease."

"Dr. J. C. Ayer—Dear Sir: I have been afflicted from my birth with scrofula in its worst form, and now, after years' trial, and an untold amount of suffering, have been completely cured in a few weeks by your Pills. With what feelings of rejoicing I write, can only imagine when you realize what I have said, and how long."

"Never until now have I been free from this loathsome disease in some shape or other. At times it attacked my eyes, and made me almost blind, besides the most excruciating pain; at others it settled in the scalp of my head, and destroyed my hair, and I feel my body full of all my diseases; sometimes it came out in my face, and kept it for months a raw sore."

"About nine weeks ago I commenced taking your Cathartic Pills, and now am entirely free from the complaint. My eyes are well, my skin is fair, and my hair has commenced a healthy growth; all of which makes me feel already a new person."

"Hoping this statement may be the means of conveying information to others that do good to others, I am, with every sentiment of gratitude, Yours, &c., MARIA RICKER."

"I have known the above named Maria Rickers, from her childhood, and her statement is strictly true."

Overseer of the Portsmouth Manufactory, writes from Boston, 26th April, 1854:

"Your Pills have cured me from a bilious attack which arose from derangement of the liver, which has troubled me very often. I had failed of any relief by my Physician, and from every remedy I could try, but a few doses of your Pills have completely restored me to health. I have given them to my children for worms, with the best effects. They were promptly cured. I recommended them to my friends for constiveness, which had troubled them for months; he told me in a few days they had cured him. I make the best medicine in the world, and I am free to say so."

Read this from the distinguished Solicitor of the Supreme Court, whose brilliant abilities have made him well known, not only in this but the neighboring States.

"New Orleans, 30 April, 1854."

"Sir: I have great satisfaction in stating that my self and family have been very much benefited by your medicines. My wife was cured two years since of a severe and dangerous cough, by your Cherry Pectoral, and since then has enjoyed perfect health. My children have several times been cured from attacks of the Indigestion and Croup by it. It is an invaluable remedy for these affections. Your Cathartic Pills have entirely cured me from a dyspepsia and constiveness, which had grown upon me for some years,—indeed this cure is much more important from the fact that I had failed to get relief from the best Physicians which this section of the country afforded, and from many of the numerous remedies I had taken."

"You seem to me, Doctor, like a providential blessing to our family, and you may well suppose we are not ungrateful for it. Yours respectfully, LEAVITT THAYER."

"Senate Chamber, Ohio, April 26, 1854."

"Dr. J. C. Ayer—Honored Sir: I have made a thorough trial of the CATHARTIC PILLS, left me by your agent, and have been cured by them of the distressing biliousness under which he found me suffering. The first dose relieved me, and a few subsequent doses have entirely removed the disease. I feel in better health now than I have for some years before, which I attribute entirely to the efficacy of your CATHARTIC PILLS. Yours with great respect, LEUCIE B. MCALPIN."

The above are all from persons who are publicly known where they reside, and who would not make these statements without a thorough conviction that they were true.

Prepared by J. C. AYER, Practical and Analytical Chemist, Lowell, Mass.
